1st announcement

THE 2011 EAHP CONGRESS

Dear Colleagues,

It is my great pleasure to invite you to the 16th Annual Congress of the European Association of Hospital Pharmacists to take place in Vienna, Austria from 30 March – 1 April 2011.

"I never think of the future - it comes soon enough", Einstein said. Even so, our world is changing daily in an exciting speed we have never experienced before. Thus, we are forced to face this challenge and ask questions.

With the main theme of the Vienna congress, "Hospital Pharmacists in a changing world - opportunities and challenges", EAHP will offer you the forum to ask those questions and possibly get the answers you need.

EAHP's annual congress is the largest congress for hospital pharmacy in Europe and is attended by colleagues from all over the world. This provides you with a unique opportunity to meet, network and share expertise and best practice with colleagues while keeping abreast of the latest developments in hospital pharmacy.

Vienna is the city of Mozart and Wiener Valse, the city of Prater and of the blue Danube, the city of Sacher Torte and dozens of cafe houses. This historic city combines the elegance and splendour of the 18th century with astonishing modern architecture and design. A special place which holds tradition dear, as well as, looking to the future is certain to excite you.

Please take note of the date now and do join us in Vienna in March 2011!

Dr. Roberto Frontini, President of EAHP

FOREWORD BY THE CHAIRMAN OF THE SCIENTIFIC COMMITTEE

Dear Friends in European Hospital Pharmacy,

"Hospital Pharmacists in a changing world - opportunities and challenges" will be the frame for the presentations at the Vienna 2011 EAHP Congress.

Most hospital pharmacists across Europe feel the need for development of skills and services for the future of their profession. The challenges are mostly coming from economy but also expectations and needs for new hospital pharmacy services are the opportunities and driving forces in the process of change.

The 16th EAHP Congress offers you inspiration for the process of developing your every day job and your influence of the future of your profession.

Keynote presentations such as "Do we live in an era of change or in a changing era" will open your eyes for the general trend and prepare you for having a look on "Changing the professional image of the hospital pharmacist". As a tool a proposal for "Change management in hospital pharmacy" will be presented.

Seminars which are open for interactions with the speakers will be dealing with the need for specialisation for the hospital pharmacist as seen in some European countries but missing in most others. Distribution of drugs is still a major object for the hospital pharmacist: is this going to continue and, if yes, how do we develop this area by adding new qualities to an old service. At the same time, the strategy for hospital pharmacy production/preparation of drugs, are under evaluation in the light of the need for ready to use and safe to handle drugs in the hospital. All subjects for presentations are in the form of seminars with presentations by 2 speakers and time for questions.

Along with keynotes and seminars there will also be workshops within the theme of the congress among these providing inspiration within clinical pharmacy and medical devices.

Join the 16th EAHP Congress in Vienna, a town once being one of the focus points of the 19th century "Fin de Siècle" decadence and on the same time a hope for a new beginning, "Modernism". Come and feel it too.

Vagn Handlos, Chairman of the Scientific Committee

16th Congress of the EAHP – 30 March to 1 April 2011 – Vienna, Austria

Venue: Austria Centre Vienna

Preliminary Scientific Programme

Theme: Hospital pharmacists in a changing world – opportunities and challenges
