

EAHP POLICY PRIORITIES

PROFESSIONAL DEVELOPMENT

Fostering the continuous development and education of hospital pharmacists

COMMON TRAINING FRAMEWORK

Creating a Common Training Framework and enabling the implementation of a common competency framework for hospital pharmacy in Europe

ACTIONS AGAINST MEDICINES SHORTAGES

Securing European level action on the global health threat of medicines shortages

COMBATTING INFECTIONS

Leveraging the role of the hospital pharmacist in combatting infectious diseases and actively participating in vaccination programmes

EQUAL ACCESS FOR PATIENTS

Providing equal and timely access for all patients, including those with rare conditions and unmet needs, to all relevant medicinal therapies

ENSURING SAFE THERAPIES

Ensuring safe and appropriate use of medicinal therapies

DIGITALISATION IN MEDICATION PROCESSES

Facilitating the proper adoption, implementation and usage of digital technologies, including automation and robotics

FUTURE-PROOFING THE WORKFORCE

Addressing the changing roles and resilience of the hospital pharmacy workforce in response to demographic challenges
