

WELCOME TO THE NEW SYNERGY MASTERCLASS WEBSITE!

EAHP is glad to announce the expansion of the Synergy programme to provide continuing education and further advance the hospital pharmacy profession throughout the world. The Synergy Masterclasses have arrived!

Accredited by ACPE and focused on the most ground-breaking topics and topics most needed by hospital pharmacists and healthcare professionals, this programme is effectively a one or two-day mini congress.

The second Synergy Masterclass focused on "^[1]Procurement, tendering and decision-making processes in the hospital setting"^[1] will take place on 4-5 October 2019 in Brussels, sponsored by an educational grant from Amgen ^[2].

What are the benefits for EAHP?

- Diversification of income base to develop more educational programmes and increase the frequency of programmes;
- Continuous improvement of seminars/events;

- Ability to develop the EAHP survey and possibly increase the frequency of the survey which will in turn assist both pharmacists and industry in decision-making;
- Autonomy with regards to the programme allowing for more ACPE certified seminars;
- On-site congress publications such as newsletters;
- Growth and visible recognition of EAHP as a major influence to European hospital pharmacists, government officials, other organisations and industry;
- Ability to move forward with the implementation of the European Statements of Hospital Pharmacy

Disclosures

A disclosure document for signature by the SC committee members will be obtained, as well as, a general statement as to the guidelines being used for the industry sponsored synergy seminars. These guidelines will be included in the grant document and distributed to companies who elect to participate in the synergy programme.

EAHP'S INVOLVEMENT IN SALES/MARKETING

1. The content or format of a CPE activity or its related materials will promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial interest.
2. Industry logos may not appear directly before, during or after the synergy event.
3. Presentations must give a balanced view of therapeutic options. Use of generic names will contribute to this impartiality. If the CPE educational material or content includes trade names, where available trade names from several companies should be used, not just trade names from a single company.

PROMOTIONAL ACTIVITY BY INDUSTRY

In compliance with ACPE standards, industry logos may not appear during the synergy seminar/event. Industry may, however, provide their own hand-outs literature to be distributed themselves promoting the event. This may not take place during or directly preceding or following the event, meaning outside the session room.

TRANSPARENCY & BENEFITS FOR SPONSORS

- Aligned with your mission of improving patient care;
- Supports the dissemination of important research data;
- Transparency to external regulators; and,
- EAHP educational activities will ensure the safe and appropriate evidence based use of products independent of commercial bias with the main goal of improving patient safety.

Last update: 18 October 2018
