

PATIENT ASSOCIATIONS

Anaphylaxis Campaign

- **COVID-19 advice** [1]

Anaphylaxis Campaign has put together some advice to provide support to many severely allergic adults and children who are at risk of anaphylaxis.

Diabetes UK

- **Advice for healthcare professionals on coronavirus (Covid-19) and diabetes** [2]

Diabetes UK has collected the most recent guidance for healthcare professionals. The information is regularly updated.

European Cancer Patient Coalition

- **Vaccination guidelines for cancer patients** [3]

Summary guidance for COVID-19 vaccination for cancer patients.

European Patients Forum (EPF)

- **COVID-19 Resource Point** [4]

EPF has grouped reliable information on medicines and vaccine development, as well as research and perspectives from the field. The COVID-19 Resource Point is updated on a daily basis.

International Diabetes Association (IDF)

- **COVID-19 and diabetes** [5]

IDF's COVID-19 hub contains the latest information for patients and healthcare professionals.

Long Covid Kids

- **Long-lasting symptoms of COVID-19 in children** [6]

Long Covid Kids has assembled information on long-lasting symptoms of COVID-19 in children. Long Covid is a patient-led term used to describe the long-lasting effects of the

COVID-19 infection.

Patient-Led Research Collaborative

- **Patient-led research for COVID-19** [7]

The Patient-Led Research Collaborative has collected data on those with COVID-19 prolonged recoveries.

Prader-Willi Syndrome Association UK

- **Prader-Willi Syndrome (PWS) ? Information for Accident and Emergency (A&E) and other hospital staff** [8]

The UK's PWS Association has made available a general care guideline for individuals with PWS that are hospitalised.

World Federation of Hemophilia

- **Specific Risks of COVID-19 to the Bleeding Disorders Community** [9]

The World Federation of Hemophilia has put together information on the risks for COVID-19 patients with bleeding disorders.

The disclaimer for the EAHP COVID-19 Resource Centre can be found here [10]
