# #EAHP2021 VIRTUAL

23-28 March 2021

**Dear Participants and Sponsors,**

In light of on-going developments with COVID-19 as is apparent following the recent new lockdowns and after many thoughtful discussions with our Board of Directors, Hospital Pharmacists, some long-time sponsors and numerous requests from participants, EAHP has decided to move our 2021 congress to a fully online, virtual experience that will take place on from Tuesday 23 March through Sunday, 28 March 2021.

We believe this is the safest approach for everyone and we are excited that this virtual event will make it possible to share learning opportunities, networking and engagement with the industry partners worldwide.

We will be providing a platform that allows attendees to participate virtually in learning more about Hospital Pharmacy 5.0 – the future of patient care. As networking is an important aspect of our annual event, we plan to provide a dynamic virtual congress environment. This platform also has interactive sponsor features and includes many opportunities for sponsorship exposure, all while attendees join this event from the safety of their homes or offices.

The Congress agenda will now be spread out over 6 days including evenings and a weekend which is exciting and provides participants with the opportunity to attend many more scientific sessions if not all sessions! This will be especially advantageous to Hospital Pharmacists due to their current workload which is intensive during the pandemic with minimal flexibility to travel. In addition, we will be recording the sessions which will be available for viewing for 30 days following the Congress.

The virtual congress will include the keynotes, seminars, workshops, poster sessions, oral presentations, Synergy events and Industry satellites as planned along with a special session on COVID-19. Attendees will have the opportunity to connect with sponsors and exhibitors who will be providing important updates about their products and related informative activities.

The preliminary virtual congress agenda may be viewed [here](#) and will be updated during the coming weeks.

For those participants who are already registered to attend the Congress, we will be sending further instructions on how to login and participate in the virtual event as soon as possible.

As most of you know, EAHP is known to provide the best hospital pharmacy education and rest assured that like our face-to-face Congress, we will do everything possible to provide the best virtual congress experience!

We look forward to welcoming you to the virtual EAHP 25th Anniversary Congress, an exciting learning opportunity for all of us and we are here to assist you with questions.

Wishing everyone the best during these challenging times!

Jennie De Greef  
EAHP Managing Director
