

Wednesday, 23 March 2022 to Friday, 25 March 2022

26th EAHP Annual Congress - 23-25 March 2022 - Vienna (Austria) ^[1]

"Hospital pharmacists – changing roles in a changing world" ^[1] will be the theme for the presentations at the 2022 EAHP Congress in Vienna. During last year's virtual congress, we focused on digitalization and automation to improve future patient care. I suppose that these new technologies found their way in to your daily practice or at least gave you inspiration for new projects. But these changes go beyond the hospital pharmacy and even beyond the hospital and healthcare; the whole world is evolving quickly which results in new needs and expectations from society. This year we will help you to determine and to explore the changing roles of hospital pharmacists in this evolving scene. This is an invitation to all of you to join us.

Last update: 8 September 2021
