**29<sup>TH</sup> EAHP CONGRESS**  
**12-13-14 MARCH**

**PERSON CENTRED PHARMACY -  
NAVIGATING DIGITAL HEALTH**

Dear Colleagues,

I am thrilled to announce that the 29th edition of the EAHP Congress will take place in **Copenhagen**, Denmark, between **12-14 March 2025**.

Hospital pharmacists around Europe will again have the opportunity to share their expertise and latest developments in practice to advance patient outcomes through learning and nurturing partnerships and networks.

Our congress will bring us all closer to change, progress and evaluation of what we deliver today to patients seeking pharmaceutical care across European hospitals and healthcare systems in complex digital infrastructures. Moreover, the congress takes place in times of a generational reform of pharmaceutical legislation, marking the beginning of different approaches towards digital environment where patient-centered and seamless care interlinks, while securing safe healthcare delivery and optimizing health outcomes.

As healthcare professionals, we are not only obliged to change and evolve our practice, but to monitor the current and future hospital pharmacy policy and legislation landscape which gives us the opportunity to drive change thereby allowing us to continue our numerous activities dedicated and focused on patients. Having said that, we are fully aware of challenges that we as healthcare providers are facing in times of poly-crisis, shortages of medicines and medical devices and finally workforce shortages. Although in every one of EAHP's 36 member and 4 associate member countries, hospital pharmacists experience different obstacles while following the patients throughout the healthcare system, the EAHP congress shows, that hospital pharmacists stay united and will continue to improve pharmaceutical care towards the ultimate goal of providing the best possible treatment for patients, based on efficient and high quality services and by leveraging previously gained decades of experience.

We look forward to welcoming you in Copenhagen, where friends of EAHP will keep spreading the word of hospital pharmacy among patients and healthcare professionals across Europe and beyond.

**Dr. Nenad Miljković, EAHP President-elect**
