

Home > Initial consultation on EAHP Summit statements

?Initial Summit consultation opens!

25 OCTOBER 2013

An initial consultation on the draft EAHP Statements of Hospital Pharmacy Practice (to be concluded at the European Summit on Hospital Pharmacy, 14-15 May 2014) has now been opened with EAHP member countries and invited observer organisations. The first round consultation will close **on 7th November 2013.**

Please note that the moderation of this initial consultation process will be conducted internally by EAHP, but all responses will be treated anonymously.

The initial consultation comes in advance of commencing the formal Delphi consensus finding method with **all Summit voting participants** (hospital pharmacists, patients and other healthcare professionals) on 15th November 2013.

In order for an EAHP member organisation or Summit observer organisation to be part of this initial consultation it is necessary to be provided with a username and password to the consultation portal by external software providers SynMind. However this can only be supplied following registration with EAHP as a member or observer organisation.

To register as a participant organisation or observer in the Summit process, click **here** ^[1]. If you have not already received a passcode to register, or misplaced this, simply contact registration@eahp.eu ^[2]

Finally, if you have already registered as an observer in the Summit process, but have not subsequently received the unique username and password from SynMind to the consultation portal, please contact david.preece@eahp.eu ^[2].

Further information

The statements in their draft version (October 2013) for consultation with EAHP members and observer organisations can be found [here](#) [3].

Guidance in relation to the consultation process being followed until the Summit can be found [here](#) [4].

14 November 2013
