

Saturday, 4 June 2016 to Tuesday, 7 June 2016

The World Congress of Cardiology & Cardiovascular Health 2016 (WCC 2016) will gather cardiovascular health experts and specialists from related disciplines in Mexico City from 4-7 June 2016. The biennial event organised by the World Heart Federation will explore ground breaking research into cardiovascular health from the perspective of cardiology and other specialities including public health and nursing, with a spotlight on Latin America.

Join world leaders in heart health at WCC 2016, a global interactive event, to network, share knowledge and build innovative solutions to reduce premature mortality from cardiovascular disease by 25% by 2025.
