Dear Colleagues,

Welcome to Gothenburg, a beautiful city with an exciting cultural life and excellent restaurants with the old town area of narrow cobblestone streets, small stores with character and old and interesting buildings.

EAHP is pleased to invite you to the 23rd Congress of the EAHP 21st- 23rd March 2018 with the theme of "**Hospital pharmacists – Show us what you can do!**". The scientific program is well advanced and is relevant for you as a hospital pharmacist dealing with the challenges of economic restrictions and increased demands. This congress provides an opportunity to demonstrate what hospital pharmacists have achieved, to provide inspiration for future development and to energise us for the road ahead. This opportunity to showcase the benefits facilitated by hospital pharmacists will influence decision makers, multidisciplinary team members and patients to demand hospital pharmacists' full engagement in the medication process.

EAHP's annual congress is the largest congress for hospital pharmacy in Europe and is attended by pharmacists from all over the world. This Congress continues to provide you with an exceptional opportunity to meet, network and share expertise and best practice with colleagues while keeping up to date with the latest developments in hospital pharmacy. With all you have to see, learn and do during your visit I hope that we will have time to enjoy a fika together.

I am honoured as President of EAHP to invite you to this Congress. I hope that with the announcement of this major event you will plan your attendance at the EAHP congress in Gothenburg.

Ms. Joan Peppard, EAHP President

#### City Information

### **Welcome to Gothenburg!**

Sweden's second city is an authentic, sophisticated Scandinavian destination, boasting an eclectic blend of heavy industry, neoclassical architecture and a burgeoning contemporary arts scene. In fact, Gothenburg has recently gained a top 5 position amongst attractive European cities.

Haga is Gothenburg's most historic and charming district.

With its 19th century wooden houses, saved from demolition in the 1970s, you will lose yourself in the cobbled streets lined with small stores with character and cosy cafés for a delightful caffeine fuelled afternoon stroll.

Among Gothenburg's industrial landmarks are the Volvo museum and the iconic Älvsborg bridge, which connects the northern and southern halves of the city. Do not forget to view the unique collection of Nordic art at the Museum of Art and enjoy Gothenburg Symphony Orchestra at the Concert Hall.

Gothenburg is abundant in parks. Slottsskogen is a 137-hectare haven in the middle of the city, with playgrounds and picnic spots, as well as a year-round free zoo.

A 30 minute tram ride will take you from the city centre to Saltholmen, right on the edge of the islands of Gothenburg's archipelago, where you will forget you've come from the city.

Fishing was once the city's most important industry. Feskekôrka - quite literally translated as "fish church" is a Gothic inspired fish market and Gothenburg's best place to find loaves and fishes.
