

Thursday, 14 May 2020 to Friday, 15 May 2020

The European Conference on Rare Diseases & Orphan Products (ECRD) is recognised globally as the largest, patient-led rare disease event. In the context of the current COVID-19 pandemic and in line with WHO guidelines, the upcoming ECRD will take place ONLINE on 14-15 May 2020.

People living with a rare disease have the right to reach their highest potential of well-being. Join us ECRD 2020 to take part in discussions to inform and build the future ecosystem for rare disease policies and services. Leading, inspiring and engaging all stakeholders to take action, ECRD is where innovative solutions in the rare disease field are born. The event is an unrivalled opportunity to network and exchange invaluable knowledge with all stakeholders in the rare disease community from over 50 countries around the world - patient representatives, policy makers, researchers, clinicians, industry representatives, payers and regulators.
