

# Practical experience and interactive discussion

Dr Jennifer Newbould  
RAND Europe, Cambridge

# Conflict of interest

- There are no conflicts of interest to declare

# This session

- This session will be the chance to practice your interview skills based on your knowledge from the previous sessions that you have attended

# How this session will work

- Please choose a partner to work with in this session
- Decide which person will take the role of interviewer and which of interviewee
- You will have 20 minutes to conduct your interview
- We will swap over – with the other person taking the role of interviewer and of interviewee

# At the end of the session ...

- We will reflect as a group:
  - How did it feel being an interviewer?
  - How did it feel being interviewed?
  - What were the positives of the interview?
  - What were the negatives of the interview?
  - If you did the process again – what would you do differently?
