Chairman:

Dr Alexander T. Cohen
King's College Hospital
London, UK

Expert Panel:

Dr Alexander T. Cohen
King's College Hospital
London, UK

Professor Sylvia Haas
Technical University of Munich
Munich, Germany

Dr Marcel Levi
University of Amsterdam
Amsterdam, the Netherlands

Real-time participation and virtual attendance

Connecting to the virtual platform via PC or Mac:

1. We recommend that you test your system at: www.test.ps-vevent.com to ensure your laptop is configured appropriately
2. Using a browser that supports Flash Player, go to: www.bayer-eahp.com
3. Enter your email address, first name, last name, country and speciality then click 'Join'

Connecting via iPad, iPhone, iPod Touch or Android device:

1. Connect to our virtual platform using the free Adobe® Connect™ Mobile app available from:
 - iTunes Store: www.itunes.ps-vevent.com
 - Google Play: www.google-play.ps-vevent.com
2. To join the symposium, in your mobile browser go to: www.bayer-eahp.com or scan the QR code below
3. Enter your email address, first name, last name, country and speciality then click 'Join'

Once logged-in, you can view the slides, participate in polls and submit questions to the Expert Panel

If you experience any problems, please contact vevent@photosound.com

Sponsored by Bayer HealthCare Pharmaceuticals

In the EU, rivaroxaban is marketed under the trade name Xarelto®. Marketing authorization may vary from country to country. In France, rivaroxaban is approved for the prevention of venous thromboembolism (VTE) in adult patients undergoing elective hip or knee replacement surgery, for the prevention of stroke and systemic embolism in adult patients with non-valvular atrial fibrillation (AF) with one or more risk factors for stroke, and for the treatment of deep vein thrombosis (DVT) and pulmonary embolism (PE), and prevention of recurrent DVT and PE in adults.

Enhance your symposium experience

Our virtual platform will help both in-room and remote attendees get the most out of this symposium

In the room? Participate in polls and ask questions to the panel via the virtual platform

Unable to attend? Why not join the symposium virtually?

Please see the back page for instructions on how to join

150 Years
Science For A Better Life

Chairman's Welcome

Dear Colleagues,

I am delighted to invite you to attend this Satellite Symposium at the 18th Congress of the European Association of Hospital Pharmacists, entitled 'Treating and Preventing Blood Clots...Practical Considerations with Rivaroxaban'. This symposium will provide an opportunity to share knowledge and experience in the use of rivaroxaban across multiple indications.

Rivaroxaban has transformed the management of thromboembolic disease, and clinical experience with the use of rivaroxaban in multiple indications is growing rapidly. An understanding of the practical management of rivaroxaban is essential in order to optimize patient outcomes and ensure cost-effectiveness within healthcare systems. During this interactive symposium, the Expert Panel will summarize key findings from the extensive rivaroxaban clinical trial programme and highlight the breadth of indications and the benefits offered by rivaroxaban to real-world practice. Data elucidating the burden of thromboembolic disease and examining the use of rivaroxaban as a cost-effective approach will be presented. Thereafter, the optimal management of patients receiving rivaroxaban therapy and practical approaches to ensuring both safety and compliance will be explored.

The Expert Panel will then answer your questions related to the practical management of rivaroxaban, as well as discuss their experiences of using rivaroxaban in daily clinical practice.

I hope that you will be able to join us for what promises to be a very engaging, interactive and informative symposium.

Kind regards,

Alexander T. Cohen

Programme

Chaired by Alexander T. Cohen

Wednesday 13 March 2013, 14:00–15:30

Amphi Bordeaux, Level 3, Le Palais des Congrès de Paris, Paris, France

14:00 Welcome and introduction

Alexander T. Cohen, UK

**14:05 Breadth of indication matters...
One drug for multiple indications**

Sylvia Haas, Germany

**14:25 Cost matters...Cost-effective management
of thromboembolic disease**

Alexander T. Cohen, UK

**14:45 Experience matters...
Practical management in your hospital**

Marcel Levi, the Netherlands

15:05 Interactive Q&A session

Expert Panel chaired by Alexander T. Cohen, UK

15:25 Summary and close

Alexander T. Cohen, UK

“Don't forget to join the symposium online to view the slides, take part in polls and ask questions to the panel. See the back page for instructions”
